[LinkedIn](#) · [GitHub](#)

A focused, dedicated and visionary individual with a special ability to never lose focus even in a fast-changing and dynamic environment. Demonstrates a continuous desire to improve on my existing knowledge and skills, versatile and quick to adapt to new technologies.

EXPERIENCE

DECEMBER 2020 – DATE

FRONTEND DEVELOPER, Code Chunes Inc.

- Designing and Implementing web applications with an aim to make it accessible to users across various devices and browsers
- Web Hosting Services for Clients.

APRIL 2020 – DATE

FREELANCE, VARIOUS

I expanded my technical knowledge, built up my understanding of Designing Webpages, Web Applications, User Interactivity with JavaScript and the fundamentals of computer programming as a whole while taking on freelance projects for personal purposes, helping me to improve my skills and understanding the need for customer satisfaction.

PROJECTS

- [Portfolio Website](#): This website visualizes my knowledge in designing websites and offers a means to access my skills.
- [Website For a Food Company](#): Functional Website for advertisement of the services offered by a food company.
- [E-Commerce](#): This website offers a great range of fashion items to select from, purchase and have it delivered to you. Still in progress!
- [Tetris Game](#): A simple game of Tetris with a single level and a score count. This was done with HTML, CSS and JavaScript
